VISH4 - Pro

The Interactive Media Player

Comparison between VISH4 Basic and VISH4 Pro, your interactive Media Player

What is VISH4

VISH4 is the first media player for web sites that enriches audios and videos with a load of interactive functions – straight out of the box.

Entry level version – free of charge – VISH4 Basic

With VISH4 Basic we offer you the opportunity to implement VISH4 in its entry level version f.o.c. The full functionality corresponds thereby with VISH4 Pro, but the flash player is branded. Simply [download](#) your new interactive media player.

Powerful version – VISH4 Pro

With VISH4 Pro we offer you the opportunity to implement VISH4 in its professional version. Experience for yourself the base features which are likely to cover all your current needs.

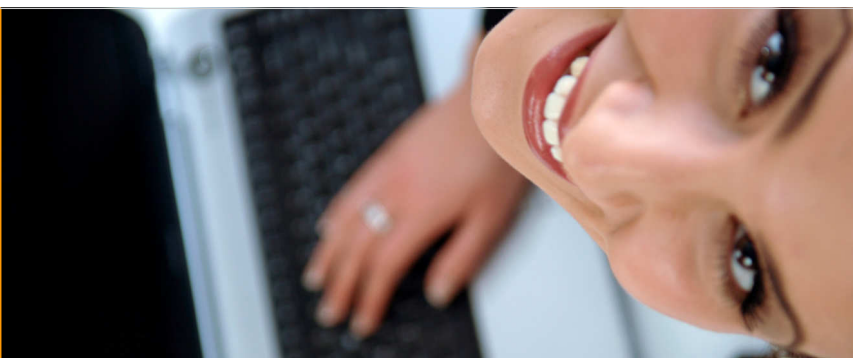

Which of the two versions fits best to your requirements, our factsheet will clarify.
